1 About the Faculty of Arts

The McGill campus is an oasis in the heart of the business, cultural, and entertainment centres of downtown Montreal. At the centre of the downtown campus is the Arts Building, the oldest building on campus and the University's flagship. It houses classrooms, administrative offices, and Moyse Hall, an elegant and superbly equipped theatre. For years, the front steps of the Arts Building have been a favourite spot to meet and to take a respite from the rigours of coursework. In addition to the Arts Building, the Faculty of Arts is housed in 24 other buildings including historic houses and former apartment buildings across campus.

The Faculty of Arts, the faculty that lies both literally and figuratively at the heart of the University, has enjoyed steady growth since it was established in 1843 and remains by far the largest faculty at McGill with over 280 tenured or tenure-track scholars, 6,000 undergraduates, over 1,000 graduate students and several hundred courses. Despite the numbers, the majority of classes in Arts are smaller than those offered by any other large research university in Canada. The Faculty also maintains bilateral exchange programs with many universities around the world and encourages students to spend a term or two studying abroad, either through an exchange program or independently. Internships are increasingly becoming an integral part of an undergraduate degree. The Faculty of Arts Internship Office assists students who wish to pursue short-term internship opportunities before completing their studies. Each year over 200 students intern with organizations around the globe.

McGill is known throughout the world as one of Canada's premier institutions of learning and as one of the leading research universities in the world. Professors at McGill are leaders in their fields of expertise and leaders in education, many of whom have been the recipients of numerous awards for innovations in teaching. The Faculty of Arts prides itself on being immediately responsive to developments and changes both within and outside academia and on developing its curricula to reflect these new realities.

7.4.1.1 Bachelor of Arts (B.A.) - Freshman Program - General (30 credits)

Revision, Fall 2010. Start of revision.

The Bachelor of Arts Freshman Program is designed to ensure that students have a broad foundation for the three-year degree program. It is comprised of 24-30 credits in one of three program options. In option 1 or the General option, students develop their own program of study using courses from the social sciences, humanities, languages, and/or math and sciences.

This 30-credit option has a core requirement of 18 credits completed by selecting 6 credits in each of three Arts subject categories: social sciences, humanities, languages, and/or mathematics and science. Students select 12 additonal credits from courses for Freshman students based on their interests. A maximum of 18 credits may be taken in any one area and a maximum of 12 credits may be taken in the courses offered by any one department.

Core Requirement (18 credits)

18 credits with 6 credits in each of three of the Arts categories: social sciences, humanities, languages, and mathematics and science.

The course lists below are organized by Arts category and include only courses approved by the offering department for Freshman (U0) students. Students may use these lists to plan their course selection.

Approved Courses - Social Sciences

Note: If you intend to follow a psychology program, you should not register in SOCI 216 (Social Psychology). PSYC 215 (Social Psychology) is more appropriate. Credit will not be given for both courses.

Note: A few courses may be listed in both Social Sciences and in another category. For example, CANS 200, CANS 202 and ISLA 210 are considered to be both Social Sciences and Humanities courses.

Regulations

Within option A and option B, all Concentrations must be in different academic units. (if you are completing a second degree in the Faculty of Arts, this regulation is waived.)

Within option C, one of the Minor Concentrations may be in the same unit as the Major Concentration. If you pursue a same-unit Minor Concentration, you will substitute additional complementary (non-required) courses to a total of 18 credits for courses completed as a part of your Major Concentration within that unit.

You will include within the 36 or 18 credits of your Major or Minor Concentration any university-level (200 or above) prerequisites to required courses within their Concentrations.

Definitions

Units: academic departments or administrative equivalents.

Programs: lists of required and complementary courses (including prerequisites for required courses) prepared and maintained by units.

Major Concentration: a program of 36 credits taken from a unit's course offerings.

Minor Concentration: a program of 18 credits taken from a unit's course offerings. Expandable Minor Concentrations are those which can, on the completion of 18 additional approved credits, be expanded into a Major Concentration within the appropriate unit.

7.4.2.2 Bachelor of Arts Degree: Honours Program

Honours programs demand a higher degree of specialisation, and require you to satisfy specific departmental and Faculty Honours requirements while maintaining a good academic standing. They are designed to prepare you for graduate study.

Regulations

To be registered in an Honours program after the first year, you must have attained a GPA and CGPA of at least 3.00 in the previous year, unless you have special permission from the department and the Associate Dean (Student Affairs).

To complete an Honours degree, you must achieve a minimum CGPA of 3.00. The program GPA (the GPA of all required and complementary courses taken at McGill which constitute the Honours program) must be a minimum of 3.00, although academic units may set higher requirements for their program GPA.

In addition to the completion of the Honours requirements, you must complete at least a Minor Concentration in an academic unit other than the one in which the Honours requirements are satisfied. (If you complete a second degree in the Faculty of Arts, you do not need to complete a minor.)

7.4.2.3 Bachelor of Arts Degree: Joint Honours Program

If you want to study at the Honours level in two disciplines, you can combine Joint Honours program components from two Arts disciplines; see section 10.6 Joint Honours Programs for a list of available programs. Each Joint Honours component consists of a maximum of 36 required and complementary credits (not including program prerequisites). In cases where a minimum of 24 credits are in courses normally restricted to Honours students, the total of required and complementary credits may be as few as 30.

To complete a Joint Honours degree, you must achieve a minimum CGPA of 3.00. The program GPA (the GPA of all required and complementary courses taken at McGill which constitute the Joint Honours program) must be a minimum of 3.00, although academic units may set higher requirements for your component of the program GPA.

7.4.2.4 Bachelor of Arts Degree: Faculty Program

A Faculty program is an approved selection of courses constituting a concentration in an intellectually coherent area of study or field of studies. These courses must include approved selections from one of the following:

The Faculties of Arts and of Science, and at least one other faculty.

The Faculty of Arts, and at least one faculty other than the Faculty of Science.

The Faculty of Arts currently recognizes the following Faculty Programs:

- Industrial Relations
- McGill School of Environment

7.4.2.5 Bachelor of Arts Degree: Science Minor Programs

If you want to register for a Minor program offered by the Faculty of Science, you must fulfil the Arts program requirements as indicated above as well as complete any prerequisites for the additional program. If you're interested, you must write to the Associate Dean (Student Affairs), including with your request written approval from the Science Minor adviser.

7.5 Course Requirements

All required and complementary courses used to ful l program requirements must be completed with a grade of C- or better. If you fail to obtain a satisfactory grade in a required course, you must either pass the supplemental examination in the course if this option is available, or repeat the course. Course substitution will be allowed only in special cases; you should consult your academic adviser

Normally, you are permitted to repeat a failed course only once. (Failure is considered to be a grade of less than C or the administrative failures of J or KF) If a required course is failed a second time, you must appeal to the Associate Dean (Student Affairs) for permission to take the course a third time. If permission is denied by the Associate Dean and/or by the Committee on Student Standing, on appeal, you must withdraw from the program. If the failed course is a complementary course required by your program, you may choose to replace it with another appropriate complementary course. If you choose to substitute another complementary course for a complementary course in which a grade has been received, credit for the first course will still be given, but as an elective. If you repeat a required course in which a pass was received, credit will be given only once.

Full details of the course requirements for all programs offered are given in each unit's section together with the locations of departmental advisory offices, program directors and telephone numbers should further information be required.

7.5.1 Course Prerequisites

The Faculty of Arts does not prevent you from registering for courses if you do not have the required 14 Tnquisites

You will be allowed to take courses outside the Faculties of Arts and of Science at McGill only if you have transferred fewer than 12 credits, and then only up to a maximum of 12 credits.

Revision, Fall 2010. Start of revision.

If you register for a Faculty of Arts program that requires additional credits outside the Faculties of Arts and of Science, you will be allowed to take only the number of credits outside the Faculties of Arts and of Science required to complete your program, **as long as the total number of credits outside the Faculties of Arts and Science, including transfer credits, do not exceed 40 credits.**

Revision, Fall 2010. End of revision.

7.5.6 Policy on Distance Education Courses

A maximum of 6 credits of elective courses taught through distance education may be used towards your degree at McGill. Courses taught through distance education from institutions other than McGill will be approved as transfer credits under the following conditions:

- the course is given by a government-accredited, degree-granting institution acceptable to McGill;
- the course counts for credit towards degrees granted at the institution giving the course;
- prior approval for the course is obtained from Arts OASIS.

The combined total of regular course credits and distance education course credits may not exceed the permitted maximum number of credits per term according to Faculty regulations. Courses taught through distance education may not be used to complete program requirements on an individual basis when serious, documented circumstances warrant it. In such cases, prior approval must be obtained from your departmental academic adviser and the Associate Dean (Student Affairs).

7.5.7 Internship Courses

The Faculty of Arts offers internship courses for credit. For more information, refer to section 11.2 Faculty of Arts Internship Program.

7.5.8 Courses in English as a Second Language (ESL)

Up to a maximum of 12 credits of ESL courses, including academic writing courses for non-anglophones, are open to you if your primary language is not English and you have studied for fewer than five years in an English-language secondary institution.

Placement tests are required for all courses offered through the English and French Language Centre. Soon after the tests are evaluated, you will be issued a departmental approval for course registration.

7.5.9 First-Year Seminar Courses

Registration for First-Year Seminars is limited to students in their first year of study at McGill, i.e., only admitted students in U0 or U1. These courses are designed to provide a closer interaction with professors and better working relations with peers than is available in large introductory courses. These seminars endeavour to teach the latest scholarly developments and expose participants to advanced research methods. Registration is on a first-come, first-served basis. The maximum number of students in any seminar is 25, although some are limited to fewer than that.

You may take only one First-Year Seminar. If you register for more than one, you will be obliged to withdraw from all but one of them. For a complete listing, see section 11.1 First-Year Seminars.

The First-Year Seminars offered by the Faculty of Science are also open to Arts students. For a complete listing, see Faculty of Science – Registration for First-Year Seminars in this publication.

7.5.10 Graduate-Level Courses

Enrolment of undergraduate students in 600-level courses

Policy:

An undergraduate student will be permitted to take 600-level courses subject to the following conditions:

- The student has a minimum CGPA of 3.3.
- The student is in U3 or higher
- The professor of the course and the program adviser or the director of the graduate program provide written approval supporting the request.
- A maximum of 6 credits of 600-level courses are allowed toward the degree.
- The actual course number appears on the transcript.
- The course evaluation methods and grading standards are the same for all students, whether graduate or undergraduate.
- The regulations and practices of the Faculty of Arts are also applied to such a course.

A copy of the application form is available at the Arts OASIS counter.
